M.L. 1/16/06

Appl. No. 09/867,679  
Reply to Office action of November 10, 2005

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (currently amended) A system for controlling the appearance of a data entry form on a display to which the system is connected for use in entering data into a database, the system comprising a store for storing attribute data defining attributes of a data entry form having at least one data entry field and, for the one data entry field, storing data values and corresponding attribute data defining at least one further data entry field for each of at least two data values which ~~may be~~ are capable of being entered in the one data entry field; and a controller for causing the data entry form to be displayed on a display in accordance with the stored attribute data, and for monitoring data values entered into said one data entry field, and dynamically altering the data entry form and the display of the data entry form based on the entered data values.
  
2. (original) A system according to claim 1, wherein the controller is adapted to enable a user to define the content of the store.
